

Give Your Customers a Truly Personal Experience

The Brother PR1X can take your business to the next level. The PR1X can deliver in-store, on-demand customization, personalization – and more. This machine is equipped with a library of fonts and font styles, various frame pattern combinations & monogramming font styles. You and your team can be up and running in no time with the PR1X HD tutorials that are available online 24/7 whenever you need a quick refresher.

Get Started Right Out of The Box with Built-In Designs and Fonts

No extra software purchase is required to get started. The expansive PR1X design library includes 495 embroidery designs, 33 lettering fonts, and 8 alphabet designs.

A Range of Design Possibilities

A wide variety of included and optional embroidery frames gives you the versatility to embroider almost any product.

Expandable Library of Online Tutorials

The PR1X HD tutorials make learning easy! Tutorials are online and available 24/7 whenever you need a quick refresher.

Generous Workspace and Fast Embroidery for Fast Service

Embroider up to 1,000 stitches per minute on a generous 8" x 12" embroidery area.

LED Lighting

With bright, customizable lighting, you can illuminate your work to see colors clearly with virtually no shadows!

Get The Big Picture

A 7" crisp, high-definition color LCD display makes for an intuitive, easy-to-learn system.

Single-Needle Flexibility

With free-arm embroidery capabilities, it's easier than ever to add your personal touch to caps, sleeves, bags and more!

Precision Laser

With the Crosshair 2-Point Positioning Laser, you'll be able to see where the needle will drop every time.

Become a Design Pro with Intuitive Editing Features

Easily edit the style and size of lettering, and align text left, center, or right. Group letters to move all at once, combine designs and edit them as one, or separate design elements and edit individually.

Bobbin Feature

Save time with the Vertical Bobbin for easy bobbin changes without removing your hoop and the Side Bobbin winder so you can wind a new bobbin while the machine is embroidering.
