

Fast printing with vibrant, low-cost output

Business Color Inkjet All-in-One Printer

The Brother Workhorse MFC-J5955DW business color inkjet all-in-one printer is ideal for small to medium-sized businesses that need business performance and vibrant color output. This all-in-one printer provides fast, reliable printing, as well as borderless output up to 11"x17" (Ledger size), all while delivering similar capabilities, advanced security features, and operating costs as laser printers.

- Fast printing up to 30ppm¹
- Large format printing up to 11"x17" (Ledger)
- Low-cost output using 6,000-page black, 5,000-page color replacement ink cartridges²¹
- Dual 250-sheet capacity paper trays¹⁶
- Scan to popular destinations including cloud services⁹
- Built-in dual band wireless (2.4GHz / 5GHz) and Ethernet networking
- Triple layer device, document, and network security features

RETAIL

Produce impactful POS displays, custom signage, seasonal decorations, and promotional materials.

- › Retail
- › Supermarkets
- › Warehouses
- › Back Office
- › POS

FINANCIAL

Print vibrant financial reports and large-format documents.

- › Banks

- PC-Fax Send only for Mac[®] users.
- See system requirements on www.brother-usa.com.
- Maximum capacity based on using 20 lb. paper.
- Maximum capacity based on using 20 lb. Letter-size paper.
- May require free download.
- Maximum number of printed pages per month and can be used to compare designed durability between like Brother products. For maximum printer life, it is best to choose a printer with a duty cycle that far exceeds your print requirements.
- The recommended range of monthly printed pages to achieve the best possible performance and printer life. Printers are intended to handle occasional usage beyond the range with little or no effect. Consistently printing above the recommended print volume, however, may adversely affect the print quality or life of the machine. It is always best to choose a printer with an appropriate recommended print volume to allow for any anticipated increase in printing needs.
- Approximate page yields in accordance with ISO/IEC 24711. For more page yield information, see www.brother.com/pageyield.
- Actual yield of initial cartridges will be approx. 99% of replacement LC406XL black and 93% of replacement LC406XL Color Series, due to ink system initialization. Approximate page yields stated in accordance with ISO/IEC 24711. For more page yield information, see www.brother.com/pageyield.
