

On-Demand Ballot Printing and Marking Solution from Brother

Election Day ballots are critical to the success of every election. As ballot printing is a high volume, short turnaround time process, it is necessary to have confidence in the capacity, reliability, and security of ballot printing devices. Brother provides secure and cost-effective on-demand ballot printing and marking technology to help you create, produce, and deliver high-quality, accurate ballots.

Benefits:

- Print as many ballots as needed with edge-to-edge printing.
- Up to 22" automatic duplex printing (*with optional extended paper tray*).
- Wi-Fi and NFC card have been physically removed to help ensure regulation compliance.
- Compatible with Windows, Linux, and iOS.

HL-EX415DWVS

Brother Workhorse Series enterprise laser printer

- Print up to 14" ballots from the standard paper tray.
- Print up to 22" via the multipurpose tray only.

Customized firmware ensures security and compliance.

Output extender accommodates printouts up to 22" in length.

Optional extended paper tray accepts up to 17-22" paper length.

VST-6000

Optional extended paper tray

- Print 17" up to 22" ballots; includes output extender.

Image shown without optional VST-6000 extended paper tray and output extender.

This ballot printing and marking solution works in conjunction with select voting systems and software.

Working with you for a better environment

At Brother, our green initiative is simple. We strive to take responsibility, act respectfully and try to make a positive difference to help build a society where sustainable development can be achieved. We call this approach Brother Earth.

COMPATIBLE WITH
WINDOWS

1 Based on one-sided printing. Change from default setting required.
2 From ready mode and standard tray.
3 PostScript[®]3™ compatible.
4 For the latest OS compatibility and to download drivers, visit support.brother.com. Printing via macOS requires the use of AirPrint. Mac printer drivers are not provided.
5 Maximum capacity based on using 20 lb. paper.
6 Half speed and straight paper output with more than 28 lb. paper.
7 May require free download. Compatibility may vary by device and operating system.
8 Maximum number of printed pages per month can be used to compare designed durability between like Brother products. For maximum printer life, it is best to choose a printer with a duty cycle that far exceeds your print requirements.

9 The recommended range of monthly printed pages to achieve the best possible performance and printer life. Printers are intended to handle occasional usage beyond this range with little or no effect. Consistently printing above the recommended print volume, however, may adversely affect the print quality or life of the machine. It is always best to choose a printer with an appropriate recommended print volume to allow for any anticipated increase in printing needs.
10 Approximate toner cartridge yield in accordance with ISO/IEC 19752 (letter/A4).
11 Approximately 75,000 pages based on 3 pages per job and 45,000 pages based on 1 page per job (letter/A4 simplex pages). The number of pages may be affected by a variety of factors including but not limited to media type and media size.
