Tip When assembling the box, fold at the blue lines. Apply enough glue to the tabs to ensure secure attachment.

- 1 Make the cut data for the unfolded heart-shaped box.

Use Scan to Cut Data to scan the diagram of the unfolded heart-shaped box in the Ornaments section (page 26).

- 2 Set Delete Size to the minimum and load all data, use Unify to group the patterns, and then cut the data.

- 3 Fold the box as shown in the photo, and assemble it. Apply glue to the tabs and attach.

- 4 Select the built-in patterns and cut them out on the paper of your choice.

Built-in Patterns: AR-A011 x 1
AR-A015 x 2
AR-J014 x 1
